

Photo Manager Predicts Return Of Pattersons

(Continued from Page One) spectated man. Art began working for me when he was eight or nine years old. He learned photography from his father and me, working before and after school. He was loyal and capable. The whole family are as high class as they come."

In School 'Who's Who'
Laurio Barragan, owner of the Del Norte Saddlery Stores, said: "Art is a fine boy and a good businessman. I have been neighbors and friends of the family for many years."

One of Art Moreno's brothers, Oscar, is manager of the Del Norte Saddlery in Lakeside. Another brother, Ruben, is assistant manager of Franklin's shoe department. One sister, Julie, is bookkeeper at Patterson's, and the youngest, Irene, is a student at El Paso High School. Art Moreno is unmarried. The family home is at 1229 West Main street.

Art Moreno was born in El Paso, attended Vilas School, and graduated from El Paso High in 1951. He was one of 18 students in the school 'Who's Who.'

Art had a scholarship in music at New Mexico Western College, but he went to work and helped support his mother and sisters. For a while he worked at Franklin's, and at the Von Zell Portrait Studio.

While a boy working at Thirman's, Art had become acquainted, but not particularly friendly with W. D. Patterson, who sold supplies to Thirman. Answering a Patterson want ad, young Moreno applied for a job and got it. He soon mastered details of the business and became Patterson's most trusted employee, and then manager.

He is a member of the Knights of Columbus. He served in the Texas National Guard for five years, rising from private to sergeant first class.

Patterson's friends say he had the highest regard for his young manager, that he planned to make Art a partner.

This is borne out by a sentence in the famous telegram of March 15, sent from Dallas to Mr. Roth and signed "Pat." It read: "Tell Art to cancel DC (Washington) reservation and to take care of business like it was his, as part will be some day."

Newspaper Beats Recession Talk By Paying Bonus

By United Press
BANNING, Calif., March 19.—The publishers of The Banning Record-Beacon said today they are putting an extra \$5 in each employee's pay envelope this week to offset recession talk.

An admonition accompanies the extra \$5 which states in part: "Use this extra money to buy something you've been wanting but for some reason haven't thought you could afford right now. Take your wife out to dinner. Buy a rib roast when you'd otherwise have had hamburger for dinner."

More Evidence On Trains Sought

(Continued from Page One) the statistical report Mr. Bell presented in the San Antonio hearing on the Argonaut issue on Feb. 17, presented anew by the railroad company when yesterday's hearing opened here before Examiner Cecil Boulden of the Texas Railroad Commission.

William Hilgers, attorney for the Texas Joint Labor Legislative Board, questioned Mr. Bell closely

on the company's methods of cost accounting. He insisted on a full explanation of just how revenues and costs are broken down by trains. Mr. Bell suggested that Frank Coyne, assistant auditor of T. and N. O. Railroad, be permitted to take the stand and explain the cost

accounting. Mr. Hilgers did not have the authority to grant further hearing. If the hearing is

accepted the suggestion. Efforts will be made, Mr. Hilgers said, to have the Railroad Commission grant further hearing on the company's application before final arguments are made on the issue before the Commission in Austin. Examiner Boulden said he does

WEEK-END GARDEN SPECIALS

YOUR CHILD MAY HAVE PIN-WORMS

LOUT OF 3 DOES!

Fidgeting, loss of sleep and a tormenting itch are often tell-tale signs of Pin-Worms... ugly parasites that medical experts say infect one out of every three persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. Get genuine Jayne's P-W Vermifuge... small, easy-to-take tablets... special sizes for children and adults. Protected by Dr. D. Jayne & Son, specialists in worm remedies for 100 years.
