(Continued from Page One) slated for launching, Quarles replied: "I would expect we will not, because I would expect they would do other things in the meantime along this general line." He did not elaborate.

Quarles said, however, he did not consider Russia's space advances as serious a threat to U. S. security as some leading American scientists and rocket experts claim.

He also said this country has rockets as powerful as the missile apparently used by Russia to launch its second Sputnik, and predicted the two countries will not be far apart in attaining "operational capability" of "very long-range"

**Turkish Troops On Syrian Border**

(Continued from Page One) dren marched through the streets of Damascus today chanting anti-Hussein slogans, including "Hussein must go" and "Hussein is a traitor."

The demonstrations followed violent new Egyptian press and radio attacks on Hussein, charging that he sought peace with Israel — an allegation certain to arouse the passions of the large number of Palestinian refugees who took refuge in Jordan when Israel took over a large part of their homeland.

There was no violence during the 20-minute demonstration, but Western observers noted it followed anti-Hussein broadcasts by both Syria and Egypt.

Music was furnished by Cathedral High School Band, the 62nd Army Band and the 424th Army Band from Ft. Bliss and the drum and bugle corps from the Escuela Preparatoria in Juarez.

Color Guard

The veterans' color guard was provided by the Willie Barraza Post of the Veterans of Foreign Wars, Biggs Air Force Base and Ft. Bliss also provided color guards.

ROTC units represented Texas Western College, The Las Cruces Post of VFW was also represented.

The parade was sponsored by the Veterans of Foreign Wars, American Legion, Veterans of World War II, the Disabled American Veterans, Spanish-American War Veterans and auxiliaries.

Federal and County offices were closed in observance of the day, but banks and the City Hall remained open.

**Pattersons' Friend Says They Aren't in Florida**

(Continued from Page One) on a short trip or ride, for what they believed would be an hour or so, with someone they knew and/or trusted, and the authorities could well start from there."

Dr. Denninger expressed eagerness to give all possible assistance in efforts to locate the Pattersons.

Mr. Ward emphasized today that Dr. Denninger was correct in stressing Mr. Patterson's failure to attend the photographers convention.

**Important Event**

"That was an event as important to Pat as the cat was to Margaret," Mr. Ward said. "He never was known in recent years to miss one of the conventions until the one last spring."

L. A. (Son) Shugart, owner of Shugart's Studio in Loveland, a long, intimate friend of the Pattersons, said today he does not understand why Mr. Patterson would go away for a long time without telephoning him of his intentions.

It was Mr. Shugart who sold the house trailer to Mr. Patterson, that a telegram, supposedly sent by Mr. Patterson from Dallas on March 15, directed the trailer be sold and the money used in the Patterson Photo Supply business.

Mr. Shugart clarified the matter of a lien on the trailer.

He said he bought the trailer from Spartan Aircraft Co. of Tulsa, Okla., the company that built it, and that there was a lien on the trailer for the unpaid balance when Mr. Patterson bought it. He said Mr. Patterson paid everything due on the trailer, including the lien.

"I hesitated about signing the title on the trailer," Mr. Shugart said. "I first wanted to know whether Pat really wanted to sell it—I doubted that he did. But I

made inquiry and received assurance Pat had been heard from long after March, so I signed the title to the trailer so it could be sold."

A friend of Mr. and Mrs. W. D. Patterson was reported today as having received a telephone call from Mr. Patterson in June, three months after the Pattersons vanished from their home at 3000 Piedmont avenue.

Florida Call

The informant said Mr. Patterson telephoned from a town in Florida to Duffy Sasser, then head of Duffy's Photo Service with headquarters in Lubbock and branches in El Paso and other cities.

Mr. Sasser was reported to have received the telephone call in June. Mr. Sasser then lived in Lubbock. He now lives in Clovis.

Won't Talk

He was reached by telephone today, and when asked by The Herald-Post about the reported call from Mr. Patterson, Mr. Sasser said: "There has been too much said about this matter already. I have nothing to say."

(Continued from Page One) at the one-sided score: 43-7 (ouch!).

Those two tie games made it an unusually rough week for the contestants.

Maybe there won't be any ties this week, which will be the eighth of the season in The Herald-Post Football Contest.

Maybe there won't be any big upset.

Who knows? Anyway, you'll have a chance to try your luck and skill.

The prize again will be \$500 for a perfect score or if two or more contestants tie with a perfect score a prize of \$500 will be evenly divided among them.

Watch for the list of games that will be published on Page 1 of The Herald-Post Wednesday.

ties and marked no other ties on their ballots.

They are Gilbert Villa of 7326 Wilcox drive and S/Sgt. Roy Newton of 3302 Alamo street.

Mr. Villa and Sergeant Newton each missed several games that did not end in ties.

In the non-tie games on last week's Herald-Post list there weren't many upsets.

One of the chief ones was the Rice-Arkansas game. The Porkers were a slender favorite. Rice won 13-7.

Alabama was the choice over Tulane. But here again there was another upset. The Green Wave edged the Tide 7-0.

**THEY'RE CATCHING ON, BUT THEY CAN'T CATCH UP.** That's how lots of people feel about the "new 1958" cars that are trying to match the Dodge Swept-Wing look. These other cars have been lowered some, but still seem high and boxy by comparison. A few are "catching on" to fins, but they're years from "catching up." And the air suspension offered by some cars (at well over \$100 extra) can't compare with the sway-free, dip-free ride of Dodge Torson-Aire (standard equipment on all models). So on your way home from someone else's new car showing, stop in and compare it with Swept-Wing 58 by Dodge. You'll see what we mean.
