Ike Concedes Demo Wins Blow to GOP

Governor Meyner's Victory in N. Y. Upsets Republicans

By International News Service
WASHINGTON, Nov. 6.—Democratic governorship victories yesterday in New Jersey and Virginia brought the warning from President Eisenhower and GOP National Chairman Meade ALCORN today that the Republican Party faces an uphill battle in its bid to recapture congressional control next year.

At the same time, yesterday's Demo wins put a new Presidential lustre on Governor Robert Meyner and dulled Republican hopes that Federal force in Little Rock may have brought Negro votes into the GOP camp.

Integration Is Issue
Meyner won re-election in New Jersey, swamping Republican Malcolm S. Forbes by more than 200,000 votes which showed the Democrat running stronger in key Negro areas than he did four years ago.

At the same time, Democrat J. Lindsay Almond, an all-out segregationist, captured the Virginia governorship in a decisive defeat of Republican Ted Dalton.

The Federal-State battle over school integration was the main issue in Virginia's election.

Democratic National Chairman Paul M. Butler hailed the Tuesday off-year election returns as evidence that the American people are "turning to the Democratic Party for leadership in a time of crisis."

He contended that the Eisenhower Administration had "lost the test" after throwing its support to GOP candidates in New Jersey, Virginia and New York City.

Swing Negro Voters
In the latter metropolitan contest, Mayor Robert F. Wagner won re-election as he defeated his GOP Opponent Robert K. Christenberry by some 900,000 votes.

Meyner not only won the governorship handily but Democrats in New Jersey captured control of the state legislature for the first time in 20 years.

The best hope the Republicans had in New Jersey was that President Eisenhower's use of Federal troops to enforce school integration in Little Rock would cause a swing of Negro voters into Forbes' corner.

Forbes, a wealthy business magazine publisher, also had administered the state for three months.

Only Hint
It is now fully established that the telegram bearing Mr. Patterson's name held out no definite indication that the Pattersons expected to return here in December, or at any other time.

The only hint of possible return given in the message was the order that the Patterson home be rented "for nine months at least."

The telegram was addressed to Mr. Roth, who has not made public its full contents. But there are others who know what the message said, some of them employees of the Patterson store.

The message said "sorry to leave so suddenly" and gave instructions on who was to manage the store, directed that the Patterson household be sold and the money used in the business, requested that the whole matter be kept quiet, and (Continued on Page 4, Col. 1)

KHRUSHCHEV SAYS: RUSSIA SHUNS WAR

Pattersons Have Sent No Word Home

Rumors False Of Secret Messages To Associates in E. P.

By CLIFF SHERRILL
Persistent rumors that Mr. and Mrs. W. D. Patterson are in secret communication with managers of their business in El Paso were exploded today as wholly false.

There is not a shred of verified evidence that Mr. and Mrs. Patterson have been seen or heard from since they disappeared from their home at 3000 Piedmont avenue last March 6.

Herbert Roth, business manager of the Patterson Photo Supply store at 113 East Main street, has heard nothing whatsoever from the Pattersons except a telegram March 6, which is not verified as actually sent by Mr. Patterson.

Hear Nothing
David J. Smith, long-time attorney for Mr. Patterson, has heard nothing from the Pattersons, and is as eager as any other friend or business associate of the Pattersons to locate them.

D. G. Kirkland, president of Duffy Photo Supply firm with headquarters in Lubbock and a branch here, who was named in the telegram to manage the Patterson store, has heard nothing from the Pattersons since March 6.

No other business associate or friend in El Paso has heard a word from the Pattersons.

That much has been established beyond doubt by investigators who have sifted the mysterious Patterson case for three months.

It was August — three months ago and five months after the Pattersons disappeared — when their baffling, fadeout was made known to the public.

Fun At Circus

SPECIAL TREAT—Winners of The Herald-Post Circus Clown Contest, Katie Sue O'Neill, and William Jenkins ride Targa, star elephant of Ringling Brothers, Barnum and Bailey Circus.

Crowd Applauds as Kids Bow

Our Clowns Katie and Bill Ride Float in Circus Parade

By VIRGINIA TURNER
Katie Sue O'Neill, 11, and William (Bill) Jenkins, 14, winners of The Herald-Post Circus Clown Contest, took a bow at yesterday's matinee of Ringling Brothers, Barnum and Bailey Circus.

Made up as clowns, they rode in the Mother Goose Parade with Old Mother Goose herself, in a white swan chariot pulled by Targa, the star circus elephant.

They were introduced to the audience as winners of the contest by Ringmaster Harold Rank. The audience applauded.

Katie Sue and William wore wide grins. They declared it was "the most exciting thing" that ever happened to them.

Their afternoon was crowded with activity.

Red Leader Calls For Conference

Declares West Will Be Unable To Halt Commies

By United Press
MOSCOW, Nov. 6.—Soviet Communist Party Leader Nikita S. Khrushchev said today new Soviet technical advances meant the "capitalist order will perish" if a new war breaks out.

"But we are not striving to victory by such a path," he told a special meeting of the supreme Soviet parliament attended by Communist leaders from throughout the world.

"Relying on war," he told the cheering audience at the Luzhiki indoor sports stadium, "would be anti-moral and would be contrary to our Communist world outlook."

America Riddled
Khrushchev ridiculed American efforts to catch up with a Soviet technology which already has perfected the intercontinental ballistic missile and sent two artificial earth satellites hurtling into space.

Khrushchev mentioned the forthcoming Paris meeting of Nato during a three-hour and five minute major policy address to the jubilee session of the supreme Soviet President Eisenhower is to attend the Nato meeting.

Then he called for a "high level meeting of representatives of capitalist and socialist countries so as to reach agreement on excluding war as a means of solving political questions."

'Brink of War'
Khrushchev said imperialist forces were "as Secretary of State John Foster Dulles put it, keeping the world on the brink of war."

"Even the launching of the Sputnik has been used by the imperialists to sound the alarm," he said.

"We solemnly declare that our people has never thought and does not think to use any means of destruction if our country is not subjected to an attack by imperialist states."

"A new war would produce enormous devastation and capitalism would perish," Khrushchev said.

"We are convinced that as a result of a new war the capitalist order will perish."

But he said war was not necessary.

Wars Not Needed
"Wars are not needed for the victory of socialism," he said. "Imperialists will be unable to stop the forward march of society to communism, whatever their efforts."

"A meeting of all Nato heads of state has been called for December. It promises nothing good to the cause of peace. It is not accidental that Eisenhower and Britain can complete harmony between them."

'Mystery Light' at Marfa Flashes Toward El Paso

Marfa area residents today reported they saw a "mystery light" in the sky and that it disappeared in the direction of El Paso. This was the latest celestial object to keep Southwesterners craning their necks in the hope of sighting some of the strange objects which various individuals said they sighted in New Mexico and West Texas.

Air Force and Army intelligence officers today were checking as many of the reports as they could. Officers from Holloman Air Force Development Center went to White Sands Proving Ground to resume questioning of military police patrols who saw strange things in the sky.

Saw Light
A. V. Bell, Border Patrol radio technician at Marfa, said he was standing near a service station when an "intensely bright" light appeared between 8:15 and 8:30 p. m. yesterday. He said he saw it change from red to green, and then to an intense white.

Foster Pinedo, the station operator, and his wife and daughter also saw the phenomenon.

Noel Oatman said he was near Marfa when the light appeared "so bright I couldn't tell its shape." He said the light broke in two and vanished toward El Paso.

At least one sky object had a logical explanation today. Residents near Artesia, N. M., had been set on edge by an object that floated over the southeast corner of the state yesterday.

Plastic Balloon
This was later identified as a large plastic balloon from the Holloman Air Development Center. According to the Associated Press, the Air Force had teams at Artesia and Hobbs track the balloon, but its mission was not disclosed.

A cluster of instrument could be seen hanging from the balloon.

White Sands officials said they believe three young MPs were telling an honest story about what they saw Sunday. Cpl. Glenn H. Toy said he saw a bright object at 3 a. m. Sunday some 90 miles north of WSPG headquarters. He said the object "came down very slowly to about 50 yards from the ground."

It gave off a brilliant reddish orange light," he said.

Rose Slowly
The other MPs were Richard Oakes and Henry Barlow, who were on a separate patrol. They said they saw an object at 3 p. m. (Continued on Page 4, Col. 2)

Seek New Link In Flood Project

City Engineer Gerald Turner today begins talks with Ft. Bliss officials in an attempt to complete another link in the Saipan-Ledo-Durazno flood control project.

He will seek right-of-way for a large flood water storage area on Ft. Bliss land located near Pershing drive at Radford street. The area would impound waters normally flowing from Mount Franklin into the often-flooded Durazno street section.

The City has already erected three small dams across Government Hill ditch to keep Durazno dry. The Pershing storage area, and more dams north of it, are necessary before the flood project will be completely effective, Mr. Turner said.

Vote Light In El Paso County

Less than five per cent of El Paso County voters cast their ballots in yesterday's election in which three amendments to the State Constitution won overwhelming endorsement.

Voting here was even lighter than in the State as a whole, where an estimated 185,000 of the 1,947,000 qualified voters endorsed the amendments by a ratio of six to one. El Paso County has 44,562 qualified voters. A few counties did not set up voting machinery.

The largest vote in El Paso County was cast on Amendment Two, which provides an increase in State assistance for needy old age pensioners, handicapped blind and dependent children. The vote was 1646 for and 119 against, a total of 1765.

Amendment One was endorsed by a vote of 1532 to 179. It provides for increases in pensions, disability payments and death benefits for State employees.

Amendment Three, which authorizes the State to issue \$200 million in bonds to be used in aiding local government subdivisions in water conservation, received the most adverse votes, 202, but was favored by 1552 voters.

The ballots were all counted and the returns in the hands of County Clerk J. W. Field by 9:30 last night. Voting machines were used in all of the 60 precincts of the County.

The election cost El Paso County approximately \$4500 for supplies and salaries of the election officials.

Both Senator Ralph Yarborough and Governor Price Daniel, in recent visits to El Paso, spoke in favor of all three amendments. There was no organized opposition.

The ratio here of eight to one in favor of the amendments was slightly higher than for the state as a whole. Unofficial returns to the Texas Election Bureau early today included reports from 202.
